

QD 22 Quality Policy Statements

AMB Ltd

Established in 1938 AMB Ltd is a manufacturer of specialised machine parts and Hard-Faced components for the Pump Manufacturers, Steel Production, Petro-Chemical, Power Generation and Gas Industries. We provide a sustainable product and service that consistently meets with the agreed requirements of our customers and ensures that goods are manufactured and supplied using defined standards. We manufacture Customer designed product to their specification.

It is our intent to demonstrate to all interested parties our commitment to Quality, OTD's and price ensuring waste is kept to a minimum whilst providing a safe & healthy working environment for all its employees. The company shall promote the continual improvement of their Risk based management system. Ensuring all requirements of this system are met and that no unauthorised alterations or deviations are permitted.

We are committed to enhancing customer satisfaction through the effective application of our management systems and will maintain recognition with British Standards Institute as a company with assessed quality capabilities under the requirements of **BS.EN.ISO.9001** ensuring a responsible attitude at all times and in all areas of our business, enthusiastically leading our enterprise and promoting the company's product and services whilst recognising changing markets.
